

# November 2019

## FROM THE PRESIDENT

We are happy to announce that the third green repairs are complete with the whole green now being able to be used. Tiger Turf will return in about 4 weeks to give the mat a final stretch.

The new van is proving to be very popular with the number of members using it increasing every week, the committee encourages the members to take advantage of this service.

The van was a large purchase for the club, we would like users to make a donation towards the running costs, there is a donation box at the front counter.

The committee realise that the sound system is not up to standard and are investigating replacing or upgrading it. We are hopeful this will be done early in the new year.

Running up to Christmas is a very busy time for the club with organised events and also we have a lot of bookings for companies and local organisations to hold their Christmas functions at the club.
